OTHER INFORMATION

Running orders are posted automatically to all competitors to all competitors who have not supplied an email address. However, in an effort to reduce costs, we now send running orders via email to members who have supplied their email address to us.

The running order will be emailed as a pdf, a file that is easily opened using Adobe Acrobat Reader which is free from Adobe and usually supplied on all computers but can also be downloaded from the Adobe website: <https://get.adobe.com/uk/reader/>

It will print on A4 paper, which is the normal size for desktop printers. If you are in any doubt about your computer's ability (or indeed your own) to handle email attachments and pdfs, we can still send you a running order in the post.

Anyone who does not supply an email address will automatically receive their running order in the post as usual. In order to receive your running order via email please include your email address on the details overleaf. Running orders will also be available to download from our website and Facebook group page. Spare printed versions will be available on the day from the course director.
